

Detailed Session Program Conference Day 1 17.09.2020, Thursday

Day	Time (GMT +2)	Session	ROOM	Chair/Moderation	Title	Authors	Institution
17.09.	11.30-13.00	1	1	Rianne Appel-Meulenbroek	Differences in user preferences across European coworking spaces	Rianne Appel-Meulenbroek ¹ ; Minou Weijs-Perrée ² ; Felix Gauger ³ ; Marco Orel; Andreas Pfnür	¹ Eindhoven University of Technology; ² Eindhoven University of Technology/Built Environment; ³ Technical University of Darmstadt
	11.30-13.00	1	1		Sustainability in the field of new work - an empirical study and potential analysis of "green coworking spaces"	Tristan Sören Holtkamp	alstria office REIT-AG
	11.30-13.00	1	1		Team collaboration in open-plan offices	Gemma Irving ¹ ; Oluremi B. Ayoko	¹ UQ Business School
	14.00-15:30	WS	1	Rianne Appel-Meulenbroek	WORKSHOP	Rianne Appel-Meulenbroek	
	16.00-17.30	2	1	Rianne Appel-Meulenbroek	The added value of healthy workplaces - In search for evidence	Theo Van der Voordt ¹ ; Per Anker Jensen ²	¹ TU Delft; ² Technical University of Denmark
	16.00-17.30	2	1		The association between office use and the burnout-engagement continuum in activity based offices	Rianne Appel-Meulenbroek ¹ ; Rik Aussems; Pascale Le Blanc; Theo Arentze	¹ Eindhoven University of Technology/Built Environment
	16.00-17.30	2	1		Designing to Beat Burnout and Encourage Engagement	Sally Augustin	Design With Science

17.09.	11.30-13.00	5	2	Chiara Tagliaro	Towards activity-based office ecosystem to support three-dimensional spatial understanding in transdisciplinary context	Aulikki Herneoja ¹ ; Piia Markkanen ¹ ; Eevi Juuti	¹ University of Oulu
	11.30-13.00	5	2		Impact of activity-based work environments on knowledge work performance – quasi-experimental study in governmental workplaces	Heljä Franssila ¹ ; Aleksi Kirjonen	¹ Senate Properties
	11.30-13.00	5	2		Analyze Group Work Activity Pattern Through Work Type and Collaboration Network in a Large Organization	Chiara Tagliaro; Yaoyi Zhou ¹ ; Ying Hua	¹ Cornell University
	14.00-15:30	6	2	Kerstin Sailer	Corporate Coworking Spaces – Determinants of Work Satisfaction in a Multispace Work Environment	Felix Gauger ¹ ; Kyra Voll; Andreas Pfnür	¹ Technische Universität
	14.00-15:30	6	2		From Saint Jerome’s study to workplace seismographs: The role of spatial layouts in decision making speed across different industries	Kerstin Sailer ¹ ; Matthew Thomas ²	¹ University College London; ² Birmingham University
	14.00-15:30	6	2		Workplace design for social wellbeing: a conceptual model and research strategy	Susanne Colenberg ¹ ; Natalia Romero Herrera; David Keyson	¹ Delft University of Technology
	16.00-17.30	7	2	Annette Kämpf-Dern	A flexible office business case – the investor’s, the operator’s, and the user’s perspective of the COWORKSTATT	Annette Kämpf-Dern	RE-ER Entrepreneurial Research
	16.00-17.30	7	2		Shaping shared Workspaces for the Creative Industries: Insights and Remarks from a Living Lab-Field Research	Toni Reichert	Westfälische Hochschule Gelsenkirchen Bocholt Recklinghausen
	16.00-17.30	7	2		Russian governmental bodies meeting an open plan office: intended and unintended effects	Anna Baryshnikova; Daria Rud ¹ ; Daria Vakhrusheva	¹ Center for Advanced Governance (CAG)

17.09.	11.30-13.00	11	3	Virna Moneró Flores	The spatial dimension of the flexible workplace. Exploring the relationship between utilization practices and architectural space quality	Virna Moneró Flores	Zurich University of Applied Sciences - ZHAW
	11.30-13.00	11	3		Analysing the Impact of a Room on our Perception and Experience – an Architectural Psychology Approach to Modern Working	Sandra Gauer	perspectives GmbH
	11.30-13.00	11	3		Soul and Sense of Place – How architecture can support informal learning environments?	Plia Vitanen; Suvi Nenonen ¹	¹ Tampere University
	14.00-15:30	12	3	Nigel Oseland	Personal Office Preferences	Nigel Oseland ¹ ; Mark Cachlove	¹ Workplace Unlimited
	14.00-15:30	12	3		Social interaction and office environment: A qualitative study after relocation to a smart office	Deniz Tuzcuoğlu ¹ ; Dajuan Yang; Bauke de Vries; Asli Sungur	¹ TU/e
	14.00-15:30	12	3		Well-being in flexible workspaces supported through coaching, collaboration and empathic understanding	Julia Pfitzner; Sarah Sellmer	RBSGROUP- Part of Drees & Sommer
	16.00-17.30	13	3	Cheuk Fan Ng	The influence of indoor environmental quality and workspace design on employees' health and work performance	Quan Jin; Holger Wallbaum;. Ulrike Rahe	Chalmers University of Technology
	16.00-17.30	13	3		Travel Concentration: The effects of attractor-bound movement on workplace activity	Petros Koutsolampros ¹ ; Kerstin Sailer ¹ ; Rosie Haslem	¹ University College London
	16.00-17.30	13	3		The Effects of Personal Comfort Systems on Thermal Comfort, Cognitive Performance and Thermo-physiology in Moderately Drifting Temperatures	Wei Luo ¹ ; Rick Kramer ¹ ; Yvonne de Kort ² ; Pascal Rense ¹ ; Wouter van Marken Lichtenbelt ¹	¹ Maastricht University; ² Eindhoven University of Technology

17.09.	11.30-13.00	17	4	Per Anker	Change Management by Building information Modeling and its impact on work place optimization in small- and medium-sized Enterprises of the Construction Sector	Hans-Joachim Bargstaedt ¹ ; Franziska Weise	¹ Bauhaus-Universitaet Weimar / Faculty of Civil Engineering
	11.30-13.00	17	4		Modes of linking organisations with space: A historical account of the evolution of DEGW's concepts and methods	Hiral Patel	Cardiff University
	11.30-13.00	17	4		How can knowledge workplaces be optimised by new layout and technology?	Per Anker Jensen ¹ ; Henrik Juul Nielsen	¹ Technical University of Denmark
	14.00-15:30	18	4	Suvi Nenonen	Digital Work Assistance in Decision-Making: Information Richness, Trustworthiness, and Propensity to Trust	Cornelia Gerdenitsch ¹ ; Eva Preininger	¹ AIT Austrian Institute of Technology
	14.00-15:30	18	4		Smart tools to enhance wellbeing at workplace	Vitalija Danivska; Suvi Nenonen	Tampere University
	14.00-15:30	18	4		Work design in the digitization process in small businesses of the craft's sector	Kerstin Guhlemann ¹ ; Christine Best	¹ Sozialforschungsstelle Dortmund / TU Dortmund
	16.00-17.30	19	4	Suvi Nenonen	From Coworking Space to Coworking Building	Florian Spitra	IUBH Internationale Hochschule
	16.00-17.30	19	4		Activity-Based Working Environment – Towards Sustainable Space Use	Satu Kankaala ¹ ; Suvi Nenonen ²	¹ Aalto University; ² Tampere University
	16.00-17.30	19	4		Predictive analytics in facilities management: The effects of the physical environment on employee comfort, wellbeing, and productivity	Michael Roskams ¹ ; Barry P. Haynes	¹ Sheffield Hallam University

Day	Time (GMT +2)	Session	ROOM	Chair/ Moderation	Title	Authors	Institution
18.09.	11.30-13.00	3	1	Rianne Appel-Meulenbroek	The ,human‘ workplace – health-relevant factors for learning and working spaces	Christiane Kohlert	Media Design University
	11.30-13.00	3	1		Designing for health: strategies for enhancing employee health through workplace design	Susanne Colenberg ¹ ; Tuuli Jylhä	¹ Delft University of Technology
	11.30-13.00	3	1		Do Changes in the Work Environment Predict Changes in Privacy Appraisal and Associated Outcomes? – A Longitudinal Study	Clara Weber ¹ ; B. Gatersleben	¹ Zurich University of Applied Sciences
	14.00-15:30	4	1	Rianne Appel-Meulenbroek	How do corporate drivers and individual preferences for agile working meet? Study of Hong Kong organisations and employees	Aino Kavantera ¹ ; Renuka Thakore; Graeme Whitehall	¹ University College of Estate Management
	14.00-15:30	4	1		Workspace-Related Needs of Knowledge Workers – Based on Their Work Activity Profile	Martin Steffen; Hartmut Schulze	
	14.00-15:30	4	1		Switching behaviour in activity based working environments - An exploration of the reasons and influencing factors of switching behaviour in ABW	Lukas Windlinger ¹ ; Eunji Haene Kim	¹ Zurich University of Applied Sciences
	16.00-17.30	WS		Rianne Appel-Meulenbroek	Workshop	Rianne Appel-Meulenbroek	
18.09.	11.30-13.00	8	2	Gisele de de Campos	Age generation preferences in workplace design: between stereotypes and reality	Ingrid Nappi-Choulet ¹ ; Gisele de de Campos Ribeiro ² ; Hajar Eddial ¹	¹ ESSEC Business School; ² Essec Business School
	11.30-13.00	8	2		SIM-OFFICE – identifying personality- and task-based office environment preference patterns	Annette Kämpf-Dern	RE-ER Entrepreneurial Research
	11.30-13.00	8	2		Workplace curiosity as a factor of success for driving innovation	Christine Blum-Heuser ¹ ; Carl Naughton; Andreas Steinle; Todd Kashdan	¹ Merck

	14.00-15:30	9	2	Matthew Tucker	Contextual user research methods for eliciting user experience insights in workplace studies	Maral Babapour ¹ ; Antonio Cobaleda Cordero ²	¹ Division Design & Human Factors; ² Chalmers University of Technology
	14.00-15:30	9	2		Flexible Workspace - Hype or sustainable investment Product	Holger Weber	Art-Invest Real Estate Funds GmbH
	14.00-15:30	9	2		Unravelling the variables to calculate an organisations return on workplace investment: a scoping review process	Matthew Tucker ¹ ; Hannah Wilson; . Nigel Oseland ² ; Peter Brogan Annie Horsley	¹ Liverpool John Moores University; ² Workplace Unlimited; Institute of Workplace and Facilities Management
	16.00-17.30	10	2	Thomas Hardwig	Levels of Evidence – necessary for Evidence Based Design?	Martin Steffen	Otto-von-Guericke Universität/Lehrstuhl für Betriebspädagogik
	16.00-17.30	10	2		User-centered office design, designed by users (Co-created work environments and their impact on cultural organizational development)	Daniel Ringwald	TheDive GmbH
	16.00-17.30	10	2		Collaboration platforms as enablers of new work - three case studies on organisational prerequisites for change	Thomas Hardwig	Georg-August-University Goettingen
18.09.	11.30-13.00	14	3	Ruta Kazlauskaite	Does giving more always equal getting more: A longitudinal study of office relocation	Ruta Kazlauskaite ¹ ; Ieva Augutyte-Kvedaraviciene	¹ ISM University of Management and Economics
	11.30-13.00	14	3		Creating need-supply fit affordances in knowledge work environments through user-centred design processes	Piia Markkanen; Eevi Juuti; Aulikki Herneoja	University of Oulu
	11.30-13.00	14	3		International working habits and its influence on future workspaces	Hans-Joachim Bargstaedt ¹ ; Thomas Vogl ²	¹ Bauhaus-Universitaet Weimar / Faculty of Civil Engineering; ² Bauhaus-Universitaet Weimar

	14.00-15:30	15	3	Brenda Groen	The importance of location for services office in vacant real estate	P. Oude Velthuis; Brenda Groen ¹	¹ Saxion University of Applied Sciences/Hospitality Business School
	14.00-15:30	15	3		"Why indoor air quality matters – creating sustainable future working environments"	Johanna Trüstedt	Drees & Sommer Schweiz AG
	14.00-15:30	15	3		Digital WorkPlace Atlas – An online library for implemented new work projects	Andreas Kuehne ¹ ; Siphon Fuhr; Joshua Thiele	¹ BAUAKADEMIE Performance Management GmbH
	16.00-17.30	16	3	t.b.a.	Relation between working environment and learning outcomes in agile student projects	Anika Dittmar	Hochschule Mittweida UAS/ Fakultät Wirtschaftsingenieurwesen
	16.00-17.30	16	3		The workplace as a community - the role of the community manager as host	Brenda Groen; Hester Van Sprang	Saxion University of Applied Sciences/Hospitality Business School
	16.00-17.30	16	3		Co-working and Co-learning Environment between North and South - Case Future Tech Lab in Namibia	Marko Lahti; Erkki Sutinen; Suvi Nenonen ¹	¹ Tampere University
18.09.	11.30-13.00	20	4	Mascha Will-Zocholl	Autonomy and Responsibility in an Augmented-Reality-Supported Assembly Task	Cornelia Gerdenitsch ¹ ; Meneweger; Halbwachs; Stockreiter; Scheibelhofer	¹ AIT Austrian Institute of Technology
	11.30-13.00	20	4		Challenges knowledge workers experience when working virtually in organizations undergoing digitalization	Nelda Vendramin ¹ ; Giulia Nardelli	¹ DTU Management
	11.30-13.00	20	4		Social Structure of Digital place	Suvi Nenonen ¹ ; Ursula Hyrkkänen; Henri Jalo; Jaana Vanhatalo; Annika Ranta	¹ Tampere University
